Why study A level Philosophy at Fortis Academy?

“Philosophy” comes from Greek words meaning “love of wisdom.” Philosophy uses the tools of logic and reason to analyse the ways in which humans experience the world. It teaches: critical thinking, close reading, clear writing, and logical analysis.

Philosophy will help you to:

- ✓ become a better thinker and reasoned,
- ✓ understand the influential political tendencies of our time,
- ✓ be able to articulate what your values are, and why you believe what you believe,
- ✓ articulate your worldview,
- ✓ gain patience and appreciate the need for attention to details.
- ✓ Develop problem solving skills vital for the work place
- ✓ Cultivate your writing skills

Careers links:

- ✓ Medicine
- ✓ Law
- ✓ Banking
- ✓ Counsellor
- ✓ Teacher
- ✓ Charitable work
- ✓ Social work
- ✓ Public relations
- ✓ And so much more...

Every job involves problem solving skills and philosophy is an excellent subject to study to develop these skills.

Join us here at Fortis Academy along with other like-minded young people who want to explore some of the biggest questions facing humankind.
